Vision and Mission

To have a vision is good.
To know the path to a vision is great.
To fulfil the vision is history.
As we are talking about history, here is a department that has an impeccable placement record and unbeaten academic excellence.

ABOUT

Every student who passed out of this computer science and engineering department has always had a great kick start to his or her career and didn't look back, even for a second. This institution has a proud history of over 25 years, and one of the brightest stones in that crown is the strength of the IT professionals we are providing to this country.

All this is possible only through sure-shot planning and execution by our faculty members, HOD, and the student pioneers. I am indeed privileged to be at this stage and I wish to see this department reach greater heights and bring more glory for our institution. I hereby congratulate and felicitate the members and representatives of this computer science and engineering department.

MESSAGE

Dr .K. Porkumaran M.E, Ph.D.

Principal of Sri Sairam Engineering College

Chairman | IEEE Madras Section

Education is a noble affair. It is a holy endeavor and should be holistic as well. The utilisation of education for spreading the values of culture and modernization came into existence from time immemorial. Highly productive economies, distributive justice, people's participation in decision making bodies, adoption of scientific technology in industry, agriculture, spreading values, building relationships, unlimited occupations and professions are accepted as major factors for modernizing the Indian society. These goals have to be achieved, reviewed and look for new benchmarks through liberal education.

Real Personality, which is based on character, is remembered by the world through eternity. The number of such people, though small, can shape the destiny of mankind. Their names remain imprinted in the hearts of millions of people forever. Being an ardent social thinker, it is no wonder that the revered Chairman ventured into the act of starting educational institutions with the sole motto of building better society.

Sairam has a glittering journey due to aspiration, commitment, morale and quest for upgradation. Simply, Sairam is not a team but a family, works for creating socially conscious and technologically sound professionals who will serve the human society with willingness and vigor.

DR.B.LATHA

PROFESSOR, HEAD OF THE DEPARTMENT

I congratulate the faculty and students of the Computer Science and Engineering departments for organising Synsara 2023, a National-level symposium. We seek to be renowned for our distinctive curriculum emphasising work-integrated learning, learning-based work, problem solving, and cross-cultural skills. Our experienced faculty are the strong pillars of the department, whose focus is to empower a diverse community of students to nurture their capabilities, transform their lives, and find success through high-quality teaching and learning. I am indeed proud to be a part of this esteemed organisation and I feel immense pleasure in being the head of the department for computer science and engineering. I hear-by congratulate the editorial board for their concerted efforts in bringing out this newsletter .

R. No. 23-25/2010-NBA

Dated: 09.06.2021

To:
The Principal,
Sri Sai Ram Engineering College,
Sai Leo Nagar, Poonthandalam Village,
Dharuast Post, Post West Tambaram,
Chennai-600 044, Tamil Nadu

Subject: Grant of further accreditation of one year in case of UG Engineering programs in file is offered by Sri Sai Ram Engineering College, Sai Leo Nagar, Poonthandalam Village, Dharuast Post, Post West Tambaram, Chennai-600 044, Tamil Nadu on the basis of Compliance Report.

Sr,

This is regarding Compliance Reports submitted by Sri Sai Ram Engineering College, Sai Leo Nagar, Poonthandalam Village, Dharuast Post, Post West Tambaram, Chennai-600 044, Tamil Nadu for the UG Engineering programs which were accredited by NBA in Tier-I for academic years 2018-19 to 2020-21 and validity of accreditation is expiring on 30.06.2022.

2. The National Board of Accreditation (NBA) has decided that in all cases of UG Engineering programs which were accredited in Tier-I for a period of 3 years i.e. up to 30-06-2022 and for which the concerned institutions have submitted Compliance Reports, i.e., the visits for data verification of the programs are pending because of the current pandemic situation due to Corona virus, the programs will be considered for further accreditation of one year i.e. up to 30-06-2022 after data verification of the programs in NBA, on the basis of the submitted Compliance Reports. The data submitted by Sri Sai Ram Engineering College, Sai Leo Nagar, Poonthandalam Village, Dharuast Post, Post West Tambaram, Chennai-600 044, Tamil Nadu in the Compliance Reports have been examined and verified in NBA. Based on the same, the Competent Authority in NBA has approved the following accreditation status to the programs as given in the Table below:

Sr. No.	Name of the Program(s) (UG)	Basis of Evaluation	Accreditation Status	Period of validity	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
1.	Computer Science & Engineering	Tier-I	Accredited	Academic Year 2021-2022 i.e. up to 30-06-2022	Accreditation status granted is valid for the period indicated in Col-5 or till the program has the approval of the competent authority, whichever is earlier.
2.	Information Technology		Accredited		
3.	Electronics & Instrumentation Engineering		Accredited		
4.	Electrical & Electronics Engineering		Accredited		
5.	Mechanical Engineering		Accredited		

A. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

She bears us irrespective of any race
Making our lives a bit craze
She boosts us by giving food
Making our body feel good
She helps us thrive when we wrinkle
Making our eyes twinkle
She bears a tricolour flag flying high in glory
Thus protecting us from the adversary
As proud as peacock there she trains
As calm as a millipond there she remains
Wondering who she is?
She is she who she should be wannabe

HELICOPTER OF THOUGHTS, AND HOW TO LAND WITH MINIMAL DESTRUCTION.

-Aswati Harikumar

Dearest readers, let's clear the air here (pun unintended)- being the writer of this, I'm technically supposed to know how to safely land the "helicopter" of thoughts, but get ready for a crazy ride because I ain't got no clue if the controls of the helicopter are even in here. Now that the disclaimer on my part is done, let's get into the thick of things.

Let's all take a moment to think about our brains- the convoluted cerebral cortexes that encompass a multitude of neurons in them- magnificent isn't it? Apart from its physical structure it has the ability to generate neural pathways that stem from the environment, and other sensory factors- what we shrink into one word- thoughts. This word is the reason that human brains have been awarded the title of "highest level of consciousness" among every living species. That's pretty biased if you ask me—isn't the human brain rewarding itself for being the greatest? Has anyone recently spoken to a porcupine? I think it has the right idea of keeping every species at arm's length with its quills. Also, if what the scientists mean by consciousness includes obsessively replaying a disastrous conversation from seven years ago-then well done, humans as a species are thriving indeed.

मैं स्तंभ होकर, चरित्र को बुनता रहा....

"Life is like a beautiful melody only the lyrics are messed up"

So when I talk about music it automatically makes me feel happy. I love music. It plays a vital role in everyone's life. Why it is so important? How music can change a person's life? Let me share my views regarding music. It helps me to bring out my creativity. Music is my favorite hobby that I loved more. Whenever I feel sad or happy I listen to music, so whatever I do music is being involved in that.

It helps me to get rid of my stress and anxiety. When I hear melody music it makes me remember my old memorable days. It makes me feel fresh and pleasant.. There is no age limit for music. Even sometimes music can help us to **analyze** our own mistake. Some may hear music since they feel bored or some may love the lyrics or some may love the tone, but whatever the reason music is being loved by all in their own perspectives.

Indeed, music can heal people in many difficult situations. Even a doctor can feel stress-free if music is there. I even read an article where the patient tells that music helps us to heal her pain fast Music can really heal patients, it really makes the patient mind to feel calm and healthy. For instance if you are having a fight with Your sibling and Your anger is really extreme in that case u can just start to listen to music it will automatically relax u. If u feel lonely, then one and only best option is music, it will not make u to feel lonely. So like these, there are many instances why music is really important in life. Its really gifted if you are skilled in music.

let me end my blog with the famous quotes

"THERE IS MUSIC IN THE AIR,MUSIC ALL AROUND US,THE WORLD IS FULL OF IT, AND YOU SIMPLY TAKE AS MUCH AS U REQUIRE"

Sairam Group of Institutions was started in the year 1989 to espouse a noble cause to provide quality education.

In the span of less than 30 years, Sairam Group of Institutions has grown to become one of the most respected and revered group of educational institutions in South India. Today, Sairam Group of Institutions has become a name synonymous with quality education and has more than 18 institutions under its umbrella.

The untiring efforts taken by the faculty members for excellence in the performance of students, is the key factor in achieving this reputation.

Sairam is not just about imparting education, but value-based quality education - a unique blend of academics and moral values.

With sprawling campuses spread over several acres of land at different locations, Sairam Group houses several institutions offering education in varied fields from Primary Schooling to Post Graduation.
