Vision and Mission

To have a vision is good.
To know the path to a vision is great.
To fulfil the vision is history.
As we are talking about history, here is a department that has an impeccable placement record and unbeaten academic excellence.

ABOUT

Every student who passed out of this computer science and engineering department has always had a great kick start to his or her career and didn't look back, even for a second. This institution has a proud history of over 25 years, and one of the brightest stones in that crown is the strength of the IT professionals we are providing to this country.

All this is possible only through sure-shot planning and execution by our faculty members, HOD, and the student pioneers. I am indeed privileged to be at this stage and I wish to see this department reach greater heights and bring more glory for our institution. I hereby congratulate and felicitate the members and representatives of this computer science and engineering department.

Dr. J.Raja M.E,Ph.D.
Prinicpal of Sri Sairam Engineering
College

Education is a noble affair. It is a holy endeavor and should be holistic as well. The utilisation of education for spreading the values of culture and modernization came into existence from time immemorial. Highly productive economies, distributive justice, people's participation in decision making bodies, adoption of scientific technology in industry, agriculture, spreading values, building relationships, unlimited occupations and professions are accepted as major factors for modernizing the Indian society. These goals have to be achieved, reviewed and look for new benchmarks through liberal education.

Real Personality, which is based on character, is remembered by the world through eternity. The number of such people, though small, can shape the destiny of mankind. Their names remain imprinted in the hearts of millions of people forever. Being an ardent social thinker, it is no wonder that the revered Chairman ventured into the act of starting educational institutions with the sole motto of building better society.

Sairam has a glittering journey due to aspiration, commitment, morale and quest for upgradation. Simply, Sairam is not a team but a family, works for creating socially conscious and technologically sound professionals who will serve the human society with willingness and vigor.

Dr. B.Latha M.E,Ph.D.
PROFESSOR, HEAD OF THE
DEPARTMENT

I congratulate the faculty and students of the Computer Science and Engineering department for organising Synsara 2024, a National level symposium. We seek to be renowned for our distinctive curriculum emphasising work-integrated learning, learning-based work, problem solving, and cross-cultural skills. Our experienced faculty are the strong pillars of the department, whose focus is to empower a diverse community of students to nurture their capabilities, transform their lives, and find success through high quality teaching and learning. I am indeed proud to be a part of this esteemed organisation and I feel immense pleasure in being the head of the department for computer science and engineering. I hereby congratulate the editorial board for their concerted efforts in bringing out this newsletter .

என் உயிர்

ஒரு உயிர் இரு உயிர் ஆக,
என் உயிர் இதமாய் உருவாக;
வலிகள் அனைத்தும் சுகமாக,
எல்லாம் உனக்காக;
ஆயிரம் உறவுகள் அருகில் இருக்க!!!
அன்பு நெஞ்சம் உனைக்கான துடிதுடிக்க;
தூக்கங்கள் பல தொலைய,
ஆணவங்கள் களைய;
என் வலி உன் வளியாக;
உன் உதை என் கீதையாக;
மகிழ்ச்சியில் திளைக்கிறேன் பெருமிதமாக;
உன் பிஞ்சுமுகம்,
நஞ்சு நெஞ்சையும் கெஞ்ச வைக்கும்!!!
கற்பனையில் கண்டேன் கண்ணே,
கலங்கமில்லா உன் கண்களை;
உன் சொற்களோ மழலை!!!
என்னை மறந்து தொடர்வேன் உன் நிழலை!!!
நீ அவனோ அவனோ தெரியவில்லை,
இருந்தும் உன் மீதான காதல்
குறையவில்லை;
அறியா முகம்!!
கரையா காதல் !!
இங்கே உனக்கான என் முகமறியா காதல்!!!!.....

THE FIRST STEP

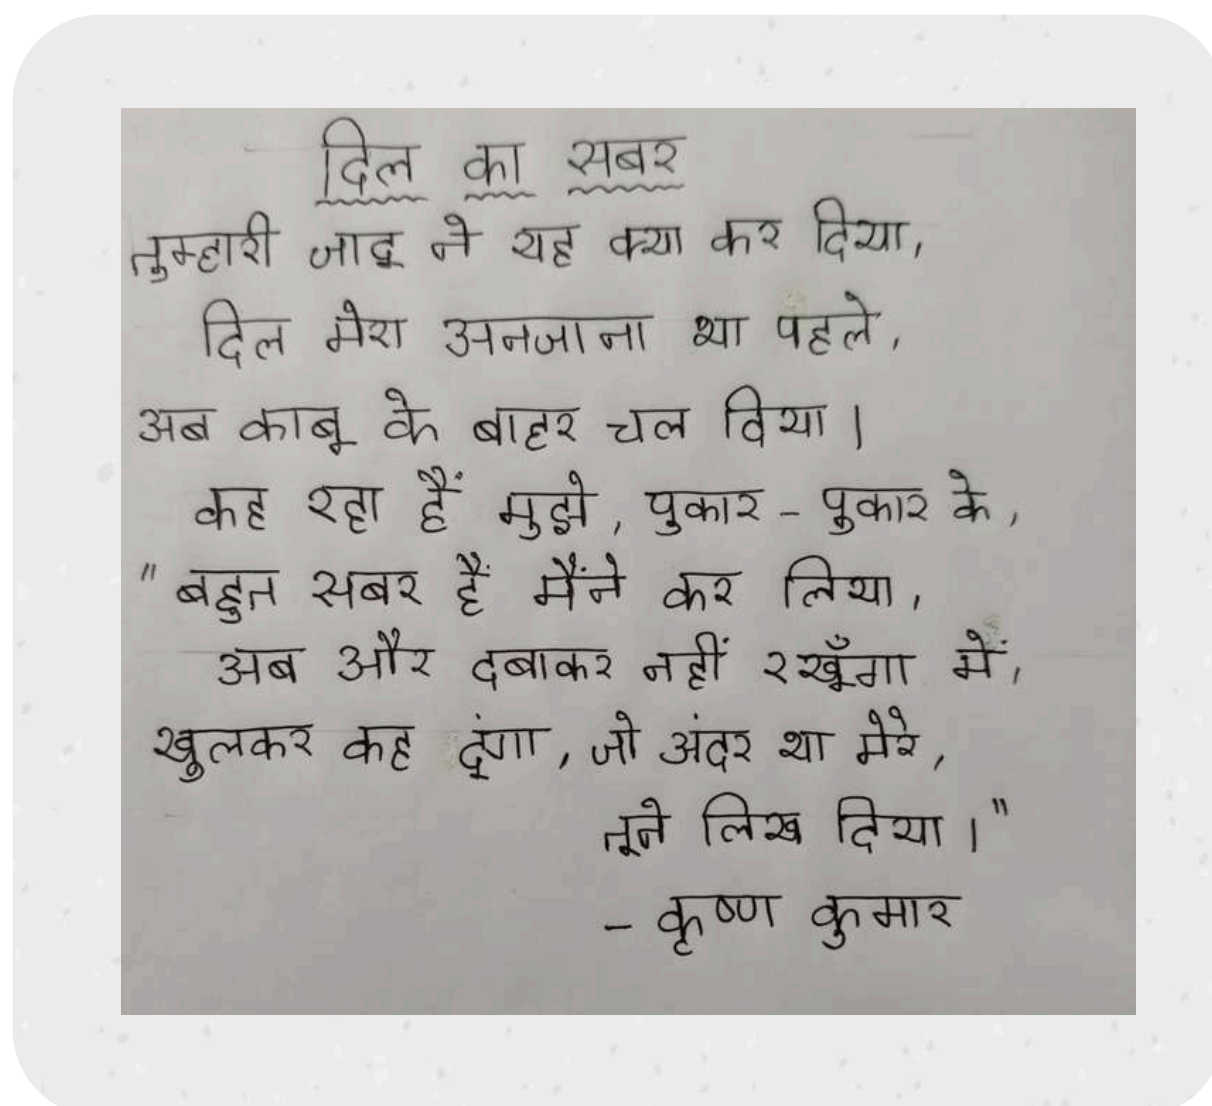

We all have great ideas,
But ,we had not done them yet,
Thinking of starting,
But we're just thinking and thinking.
We are running behind a perfection,
But all we need to take ,is our actions.
Still thinking?, hang on;
Delete your procrastinator,then bang on.
Stop thinking, start doing;
Make yourself,on going .
It may seems to be tough;
The path you go through may be rough;
Remember,tough or rough,
All you need to take, is your first step,
The hard and worthy first step,
Just your first step.
